North Shore-LIJ to Change Name to Northwell Health

Terry Lynam
News, Press Releases | September 14, 2015 - 8:28am

GREAT NECK, NY -- Eighteen years after the historic merger that created the North Shore-LIJ Health System, its Board of Trustees has unanimously approved a name change for New York State's largest private employer and health care provider -- Northwell Health.

"Being highly visible and clearly understood within and beyond the New York metropolitan area requires strong brand recognition," said Michael J. Dowling, the 21-hospital network's president and chief executive officer. "The Northwell Health name is a reflection of our past and a beacon of our future. It's unique, simple and effective. Northwell Health will be remembered for changing the face of health care, improving people's health and helping to bring the hope of healing to our community.

NATIONAL YOUTH HIV AND AIDS AWARENESS DAY

in recognition of National Public Health Week

Thursday, April 16, 2015, 7 p.m.
Guthart Cultural Center Theater, Axinn Library, First Floor, South Campus

Join us as we feature John Santelli, M.D., MPH of Columbia University and panelists David Rosenthal, D.O., PhD of the North Shore - LIJ Health System; and Pete Carney of Pride for Youth.

Local YW&Ms (young women who have sex with men) living with HIV face unique issues surrounding dating, disclosure and discrimination among YW&Ms.

This event is held in conjunction with other events sponsored by Hofstra's School of Health Sciences and Human Services during National Public Health Week.
